**EOS GRAND**

## **1. EOS GRAND PLATFORM**

EOS GRAND team is launching the “EOS GRAND”, a new gaming platform powered by blockchain technology that solves the fairness and trust issues traditional gaming platforms have. EOS GRAND is developed based on EOS blockchain and plans to introduce series of high quality and high spec games through the platform. Especially, EOS GRAND will offer a differentiated experience from other games in term of quality and fun.

### **1.1 Game Mining**

EOS GRAND PLATFORM's key concept is “Play to mining”. GRD will be rewarded as bonus to all gamers' proportion to the bet size. Details are described in Part 2 of this document.

Players can receive dividend of EOS GRAND by staking GRD, and this process will be done through blockchain smart contracts making it transparent to public. Details are described in Part 3 of this document.

### **1.2 EOS GRAND Game Eco-system**

EOS GRAND aims to delivery satisfaction to all gamers by introducing proven games in the traditional online & mobile social casino market to the EOS GRAND. Starting from dice game and slot games, baccarat, blackjack, Texas hold'em and other games will be launched on the EOS GRAND. Also variation of slot games with unique themes will be updated frequently to add diversity to the EOS GRAND experience. Details are described in Part 4 of this document.

### **1.3 Referral Reward**

All users are given a unique invitation link to invite friends to come play at EOS GRAND. 10% of the house edge is given as referral reward to the inviter if the new gamer, the invitee plays on EOS GRAND by accessing the platform with the invitation link. If the new gamer access the EOS GRAND without using the invitation link, the referral bonus is not given to the inviter.

## 1.4 VIP System

The VIP system is to provide more benefits to loyal users. The more bets user place, the more rewards for the user.

### VIP Level Accumulated Wagered EOS Rewards

VIP1	100	3% of House Edge
VIP2	500	5% of House Edge
VIP3	1000	10% of House Edge
VIP4	5000	15% of House Edge

VIP10	5,000,000	45% of House Edge
VIP11	10,000,000	50% of House Edge
VIP12	50,000,000	60% of House Edge
VIP13	100,000,000	70% of House Edge

## 2. GRAND token : GRD

Total of 10 billion GRD will be issued the token allocation is as presented in the chart below.

### 2.1 Play to mine (80%)

User retention is a key success factor for the continuous growth of EOS GRAND. To align interest of the platform's growth and user's profitability, EOS GRAND will allocate GRD as bonus proportion to the bet size. The bonus ratio between bet size and bonus tokens will decrease as more GRD is being mined. Detailed bonus ratio changes in corresponding to the token mined is presented as below.

Percentage of token mined by play	BONUS RATIO
0% ~ 5%	EOS : GRAND = 1 : 150
5% ~ 10%	EOS : GRAND = 1 : 100
10% ~ 20%	EOS : GRAND = 1 : 90
20% ~ 30%	EOS : GRAND = 1 : 80
30% ~ 40%	EOS : GRAND = 1 : 70
40% ~ 50%	EOS : GRAND = 1 : 60
50% ~ 60%	EOS : GRAND = 1 : 50
60% ~ 70%	EOS : GRAND = 1 : 40
70% ~ 80%	EOS : GRAND = 1 : 30
80% ~ 90%	EOS : GRAND = 1 : 20
90% ~ 100%	EOS : GRAND = 1 : 10

## **2.2 Team Incentive (20%)**

EOS GRAND team will continue to introduce new games to the platform in order to sustain and grow the platform. In motivate and incentives the EOS GRAND team to strive to add value to the platform, every time 4 GRD is mined, the team will receive 1 GRD.

### **3. Platform Dividend**

#### **3.1 Dividend (50%)**

50% of Platform profit will be given to the GRD holders as dividend according to the number of tokens they are staking. The dividend will be given to the users every hour through a smart contract, and the dividend can be withdrawn freely. The un-staking process takes 24 hours, and dividend will not be given during the un-staking process.

#### **3.2 Event (10%)**

EOS GRAND will share the platform profit with users through various promotions and events open to all users of the platform. 5% will be given back to the users through the Leaderboard. Another 5% will be distributed to the users through Grand Event Jackpot Slot which will be launched soon.

#### **3.3 Operation costs (40%)**

Operation costs will cover the operation and maintenance costs of the platform and recruitment of new members to the team to better support operation and new game releases. The operation costs can also be used to fund stabilizing market price when it is necessary.
